STAY SAFE

June 13, 2022

Good afternoon

It's been a few weeks since our last mailout. Not to worry. Things have generally been smooth at our end and we're hopeful that they will stay this way. The weather has been pleasant and anyone who is able has been taking advantage by venturing outside for walks or just to rest on one of our benches in Wawel Park.

Our residents were happy to be able to vote onsite here at Wawel Villa in the provincial election. Our regular activities are almost fully back to normal. The foot doctor and hairdresser are once again visiting regularly. Many of us have almost forgotten how nice "normal" felt.

Ontario health officials are reporting the lowest case count seen in the province since December as daily COVID-19 hospitalizations have dropped below 400. However masking requirements still remain in place for all retirement homes as well as long-term care. Our infection control protocols remain unchanged which include active screening and testing for all visitors. This is mainly out of concern that our residents are older and have higher rates of medical complexities and therefore more susceptible to severe outcomes from COVID-19 than the general population. We thank you in advance for your cooperation.

Wishing everyone a warm and sunny week.
