May 2, 2022

Good afternoon residents, tenants, families and friends.

As they say, no news is good news. We continue our holding pattern, carefully monitoring our residents and staff. Visitor protocols remain unchanged. Everyone, including you, is doing their part to keep us free from infection. And for that we thank you!

With the easing of Provincial restrictions our government continues to monitor and evaluate the COVID-19 situation in vulnerable and high-risk sectors. Current high community transmission rates of COVID-19 are leading to increasing numbers of resident cases and outbreaks in retirement homes. Last week the government released a memo to the retirement home sector reiterating the importance of maintaining COVID-19 preventative measures, such as masking, infection prevention and control, and capacity limits, as we proceed through the sixth wave of the pandemic. Wawel Villa will be maintaining all of these measures.

May is Polish Heritage Month in Ontario celebrating Polish history and culture through various events throughout our province. Everyone is welcome to join Mayor Bonnie Crombie tomorrow morning at 10:00 am for the raising of the national flag of Poland at Mississauga City Hall and to celebrate Poland Constitution Day.

And finally, this Sunday May 8 is Mother's Day. We are hard at work behind the scenes to make it an extra special one. We encourage you to call our Activities Department to arrange a FaceTime or Skype call.

Still waiting for Spring to come out of hiding.
